The Power of Positive Thinking

LET'S EXPLORE, LET'S LEARN!

Hello, welcome to Mosaic! Your Mosaic lessons will be lots of fun and you will learn lots about all the choices you can make as you grow up in your local community. You will have mentors – people who are already at work or contributing to the community coming into your school to work with you – they are very excited to meet you!

This discovery pack is yours to keep. Please write in it and use it in your Mosaic lessons to record what you have done and what you have learned.

Mosaic, an initiative of The Prince's Trust

Founded in 2007 by HRH The Prince of Wales, Mosaic focuses on connecting young people from hard-to-reach disadvantaged communities to relatable role models, to help increase their confidence and improve their chances of fulfilling their potential. In a context of promoting social integration and cohesion, Mosaic seeks to improve young people's resilience and facilitate the creation of a new generation of role models.

Unlocking the talent and realising the full potential of every young person, whatever their background or circumstance, is a cause close to my heart. It gives me great joy to see the sense of worth and belonging Mosaic provides by extending that much-needed helping hand to those of our diverse communities who need it most.
